An31,	Below thous Diagram shows the influence of stakeholder on the architecture -
	Developing Marketing End Maintinence customer
	Organization stakeholder usen organization stakeholder
	mangement Stateholder stateholder
	stakeholdes
	xleat Jeatures, short
	Keeping people low cost, parity performance, low cost
	Employed with completing security, timely delivery,
	oroquets reliability, not changed
	Usability very often,
	As you can see each stakeholder has different concerns
	and goals some of which may be contradictory.
	properties can be Visted and Idiscussed in an
	writed such as requirement document.
Am 2	some of the concern of the Julie holders are -
4	the communication between organization and the
	stake holdere.
$\rightarrow$	the cost of project.
-)	managing the expections
<u> </u>	teamufork with other stakeholder
1	Documentation, project schedule, satisfying the stateholders.
<b>→</b>	etc.
